

Looe County Primary School

These are photos I came across recently and which I thought might bring back memories for some of you that I had the pleasure to teach many years ago. I have put in as many names as I can remember, but with some it is now 55 years since the photo was taken. If I have forgotten your name or have printed a wrong name against your photograph, I sincerely apologise and would be pleased to hear from anyone making corrections or who can fill in any of the blanks. The ones who I have remembered are probably because you were very good or very naughty! The email address is on the contact page.

This first picture is the class I taught after joining the school. You were all second year junior children then, that is 7 & 8 year olds, now known as year 4. I came to the school after Easter 1962 taking over the class from Mr Eric Drinkwater. I remember there being 43 children in the class and there was only seating for 42. Fortunately, there was always someone absent so we managed. That sized class would not be allowed today, but apart from the rather large piles of marking I don't remember there ever being any problem. The classroom we were in was on the left as you entered the school's main entrance next to the changing room.

I am very grateful to Barrie Naylor for putting a link to my website on the Looe Past, Present and Future Facebook page and to all those who enabled me to fill in many of the names under the photographs and correcting some of my mistakes. Doing so brought back many happy memories of my twelve years at Looe Primary School.
